August 18, 2006	Laguna Seca	GR/Monterey Historics

Note: Information in parenthesis () is a guess as it was omitted from the log book, or what was there was obviously incorrect.

Mac Archer 427 Cobra CSX 3195 - Race Entries from Log Books

I count 91 race events, but there were a few more as entries for the early Pre-Historics were good for the Historics weekend as well. This changed later to a requirement to pass tech separately for each weekend.

Also: open track events and test days are not recorded in the log book.
